BRITISH VALUES STATEMENT

British Values Statement

Sacred Heart is a Catholic school which seeks to live out the values of Jesus Christ. We promote these values by our words and deeds, and Catholic doctrine and practice therefore permeates every aspect of the school's activity. We provide a Catholic curriculum, which is broad and balanced, recognising that every pupil is unique and is created in the image of God (Gen 1:27).

Our curriculum is designed to enable every pupil to discern their vocation and to be well-equipped to follow it as active citizens in service to the world. Catholic Religious Education is the "core of the core curriculum" (Pope St John Paul II) and the foundation of the entire educational process.

We provide a wide range of extra-curricular activities and strong pastoral support. We incorporate democratic principles, value the rule of law, support individual liberty and foster a community in which different faiths and beliefs are respected.

The DfE have recently reinforced the need ***"to create and enforce a clear and rigorous expectation on all schools to promote the fundamental British values of democracy, the rule of law, individual liberty and mutual respect and tolerance of those with different faiths and beliefs."***

The Government set out its definition of British values in the 2011 Prevent Strategy, and these values were reiterated in 2014. At Sacred Heart Catholic Primary School these values are reinforced regularly and in the following ways.

Democracy

We have a school council which meets regularly to discuss issues raised by the classes. The council is elected each year by the children from each class and work alongside the Headteacher and Governors to affect change for the better. Children's views are sought via an annual questionnaire in which they are able to put forward their views about the school.

The Rule of Law

The importance of Laws, whether they be those that govern the class, the school, or the country, are consistently reinforced throughout regular school days, as well as when dealing with behaviour and through school assemblies. Pupils are taught the value and reasons behind laws, that they govern and protect us, the responsibilities that this involves and the

consequences when laws are broken. Visits from authorities such as the Police and Fire Service help reinforce this message.

Individual Liberty

Within school, pupils are actively encouraged to make choices, knowing that they are in a safe and supportive environment. As a school we educate and provide boundaries for young pupils to make choices safely, through provision of a safe environment and empowering education. Pupils are encouraged to know, understand and exercise their rights and personal freedoms and advised how to exercise these safely, for example through our E-Safety and PSHE lessons. Whether it be through choice of learning challenge, of how they record, of participation in our numerous extra-curricular clubs and opportunities, pupils are given the freedom to make choices.

Mutual Respect

As a Rights Respecting School, mutual respect is at the heart of our values. Children learn that their behaviours have an effect on their own rights and those of others. All members of the school community treat each other with respect.

Tolerance of those of Different Faiths and Beliefs

Sacred Heart is situated in an area which is not greatly culturally diverse, therefore we place a great emphasis on promoting diversity with the children. Assemblies are regularly planned to address this issue either directly or through the inclusion of stories and celebrations from a variety of faiths and cultures. Our RE and PSHE teaching reinforces this. Members of different faiths or religions are encouraged to share their knowledge to enhance learning within classes and the school.

At Sacred Heart we will actively challenge pupils, staff or parents expressing opinions contrary to fundamental British Values, including 'extremist' views.
